

My Clock Wheel

Cut out the circle and the two hands. Join with a split pin in the centre.

Clock Hands

Cut out both hands. The short fat one is HOURS, the long thin one is MINUTES.

HOUR HAND

MINUTE HAND

How to play

1. Build the clock: circle + two hands + one split pin through the middle.
2. Shuffle the time cards and put them face down in a pile.
3. Turn one over and set the hands to match it. Check together.
4. Harder version: say the time out loud before you move the hands.
5. Hardest version: set a time, then find the card that matches it.
6. Routine game: put the cards in the order your day really happens.

Time Cards

Cut along the dashed lines. Glue on card and laminate if you can.
