

# Colour Match Peg Cards

Print along the cutting line, cut out the cards, and you can match the pegs to the cards.

# Colour Match Peg Cards - Set 2

Cut along the outer lines. Laminate if you can - these get a lot of use.

# Count and Clip Cards

Clip a peg on the number that matches how many dots you can count

|                                                                                     |              |              |              |
|-------------------------------------------------------------------------------------|--------------|--------------|--------------|
|    | <div>1</div> | <div>4</div> | <div>6</div> |
|    | <div>2</div> | <div>3</div> | <div>6</div> |
