My Measuring Notebook

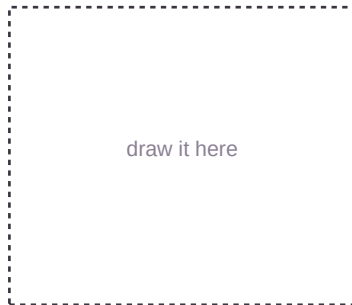

Draw the thing, then write how long it was

What I measured:

How long: inches

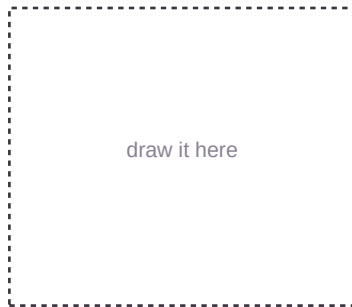

Longer or shorter than my shoe?

What I measured:

How long: inches

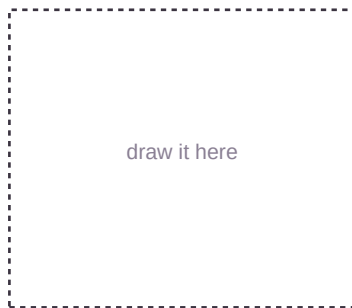

Longer or shorter than my shoe?

What I measured:

How long: inches

Longer or shorter than my shoe?

What I measured:

How long: inches

Longer or shorter than my shoe?

Paper Ruler + Order It Strips

Cut the ruler out and tape it to a stick if you like

7 inch paper ruler - print at 100% (actual size) and check it against a real ruler before you cut

Order these strips from shortest to longest
